

**IMPORTANT!! PLEASE READ ENTIRE INSTRUCTION SHEET BEFORE ASSEMBLY!!**

**Step 1:** Identify all parts packed in the carton against the parts list. Remove all protective materials. If you are missing any parts or are unsure as how to proceed with the assembly, please call our Customer Service Center immediately (800) 416-3511. **Do not attempt to assemble table if any parts are missing or damaged.**

**Step 2:** With the help of another person, place tabletop upside down on a flat, non-abrasive surface to avoid scratching the glass or rim. Note the plastic fittings on the inside of the table rim. These fittings slide. Adjust, if necessary, by sliding the fittings into proper position as shown in diagram below. If applicable, adjust flat plastic supports so they are spaced evenly throughout the inside of the rim. This will ensure best possible support of the glass in the table. Make sure clear bumpers are in place in the small holes on the table legs. Guide each of the table legs into the plastic fittings in the table rim.

**Step 3:** Attach one leg to the leg connector bracket using two bolts. Add a metal plate to the bolts and guide through the inside of the connector bracket into the fixed nuts inside of the table leg. Hand tighten three or four revolutions only. **Important note: Hand tighten only as some adjustments may be necessary to ensure legs are properly aligned.** Repeat procedure on other three legs, adjusting as necessary to ensure the legs are properly aligned.

**Step 4:** At this time tighten all bolts using the Hex Bolt Driver provided. Important note: each bolt should be tightened a few revolutions at a time. We recommend working in a cross corner "X" fashion, alternating between bolts. This will tighten the frame evenly by placing equal pressure on all bolt joints. **Do not over tighten.** Cover all bolts with PVC bolt covers provided.

**Step 5:** With the help of another person, carefully turn the table in the upright position. Your table is now ready for use. If you have any questions, please call our Customer Service Center at (800) 416-3511.

PARTS LIST	DESCRIPTION	QTY./PCS
	TABLE RIM WITH GLASS	1
	LEG CONNECTOR RING	4
	TABLE LEG	1
	METAL PLATE	4
	BOLT	8
	PVC BOLT COVER	8
